**The Central Sanskrit University**

(Formerly known as Rashtriya Sanskrit Sansthan)

Lucknow Campus, Vishalkhand, Gomtinagar

**Inviting Research Papers for the Journal Of the Central Sanskrit University**

**Lucknow Campus, " "गोमती" " ISSN-2231-0800**

*From the Sanskrit Scholars & Indologists*

Dear Sir,

From the very beginning, a number of Indologists and erudite scholars of eminence have been closely associated with this Institute which has been conducting higher research in Indology and publishing a research journal of International repute on Sanskrit and Indological subjects since its inception. The Research Journal, in addition to the research papers written by eminent scholars from all over the country, also contains sections on short communications, critical editions of short original Sanskrit texts and reviews of books concerning Indology.

We welcome your kind and invaluable cooperation in the form of your research papers and Book reviews written either in English or Hindi or Sanskrit Languages. The papers must give an evidence of research by discovery of new facts or by that of new interpretation or relationship of known facts and must not be parts or chapters of theses. The paper should be brief and completely ready for the press with an abstract of maximum 300- 500 words.

The research papers and Book Reviews should be computerized and supposed to follow the press - norms as mentioned in the enclosed parameter. The authors are requested to follow the standard system of presentation and transliteration. The titles of books and journals as well as important Sanskrit or non-English words or quotations written in Roman script should be in italic and properly marked with diacritical Signs. Titles, authors and places of publications or editions of books and journals referred to for the first time in the paper should be given in full and thereafter, their abbreviations should be used. The postal address of the author with phone No. and email ID should be given at the end of the article.

The contributors will get one author-copy of the journal. They will be informed about the acceptance or non-acceptance of their Research Papers after the final decision by the Editorial Board.

The papers are preferably accepted by Email or in CD with a hard copy if possible.

**Prof. Sarva Narayan Jha**

**Editor**

Director, CSU, Lucknow Campus
